Namastè Mayaji,

Greetings from Indiatourism, Milan!!

This is to express our sincere gratitude for your continuous support to India Tourism Milan initiatives during the last few years of our collaboration, with the shared aim of diffusing Indian culture in Milan and all over Italy.

Maharani Arts of India, under your artistic direction, is organizing high quality cultural events related to Indian dance and yoga, that brings these Indian ancient traditions alive and allows them to be known all over the world.

On behalf of Incredible India, I would like to thank You for your sincere contribution to the spread of Indian culture in Italy in its many artistic expressions, from classical to folk dance, from music to yoga.

We are proud to have you as the only representative of Rajasthani Kalbeliya dance in Italy as it is a pure and ancient dance of India, recognized by UNESCO in 2010 as one of the most important Indian dances.

We believe that all the initiatives that You are constantly organizing definitely enables a closer relationship between Indian and Italian people. This is of particular relevance for us as a Country.

We will be glad to keep working with you in the future.

Best regards,
